

Faculty Positions in Graduate Institute of Applied Geology

The Graduate Institute of Applied Geology at the National Central University

(<http://www.geo.ncu.edu.tw/>) invites applications for tenure-track faculty positions at the level of Assistant Professor. Faculty candidates for higher ranks with exceptional track records will also be considered. The research areas of interest can include but are not limited to Environmental Geochemistry, Engineering Geology, Earthquake Geology, Hydrogeology, Engineering Geophysics, and Engineering Seismology. A PhD is required at the time of evaluation and post-doctoral experience is desirable.

Applicants are expected to have a strong record of publications, to commit to excellence in research and teaching, to actively publish, to develop internationally recognized independent research program, and to pursue external research funding. The estimated starting date for the position will be August 1, 2019. Please send (or e-mail) application letter, CV, publication list, statement of teaching interests, description of research interests, and three letters of recommendation to:

Faculty search committee, Graduate Institute of Applied Geology, National Central University, No. 300, Zhongda Rd., Zhongli District, Taoyuan City 32001, Taiwan (R.O.C.) or via email (nichuenfa@geo.ncu.edu.tw).

Applications should be received by February 15, 2019 for full considerations. All personal information provided will be maintained in confidence.
